

AUSTIN WINDOW KITS

Austin Window Kits are easily installed by making a cutout in the enclosure and attaching the window and frame in place. Frames are fabricated from 14 gauge steel with an ANSI 61 gray polyester powder coating or 14 gauge Type 304 stainless steel. The window is .25" clear acrylic plastic for both kits. A neoprene gasket around the frame preserves the watertight rating. All mounting hardware and installation instructions are furnished.

Catalog Number	S.S. Catalog Number	Window Size ExF	Frame Size AxB	Cut-Out Size CxD	Weight
AB-53WK	AB-53WKX	5x3	7.5x5.5	6.69x4.69	2
